SEAL

To the inhabitants of the Town of Haverhill qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next (March 12) at ten of the clock in the forenoon, to act on the following matters:

1. To choose a town clerk, three selectmen, town treasurer, one or more highway agents, one or more auditors, one library trustee for the term of three years, one member of the board of cemetery commissioners for the term of five years, one trustee of trust funds for three years, and all other necessary town officers for the ensuing year.

2. To choose three delegates to the constitutional convention. (Polls will be open for this purpose from ten a. m. to three p. m.)

3. To hear the report of the selectmen, treasurer, cemetery commissioners, and any other town officers heretofore chosen, and to pass any vote relating thereto.

4. To see if the town will vote to authorize the selectmen to borrow on the credit of the town such sums of money as may be needed to defray town expenses until the taxes shall be collected, and to issue the notes of the town for all sums so borrowed.

5. To raise and appropriate such sums of money as may be necessary for the maintenance of the poor.

6. To see if the town will authorize the selectmen to distribute the inventory blanks when taking the inventory.

7. To see what sum the town will vote to raise and appropriate for the construction of the state trunk line roads.

8. To see what sum of money the town will raise and appropriate for maintenance of trunk line roads.

9. To see what sum the town will raise and appropriate for construction of state aid roads.

10. To see what sum the town will raise and appropriate for maintenance of state aid road.

11. To see what sum the town will raise and appropriate for laying out, building and repairing highways and bridges.

12. To determine what sum of money the town will raise and appropriate for town libraries.

13. To determine what sum of money the town will raise and appropriate for Memorial Day.

14. To see what sum of money the town will raise and appropriate for a free bed in the Cottage Hospital; and what further sum, if any, it will raise and appropriate for the support of said Hospital.

15. To raise and appropriate such sums of money as may be necessary for other town charges.

16. To see if the town will raise and appropriate the sum of two hundred and twenty-five dollars or any other sum for the suppression of White Pine Blister Rust.

17. To see if the town will vote to authorize the selectmen to issue notes or bonds of the town to the amount of thirty-one thousand dollars to retire and pay the notes of the town for building the bridge between Woodsville and Wells River, Vt., and to determine the rate of interest and time of payment thereof, or authorize the selectmen so to do.

18. To see what sum the town will raise and appropriate for band concerts.

19. To see if the town will vote to have one or more liquor agents in said town the ensuing year.

20. In case the town votes to have no agent, to see if the town will vote to authorize the selectmen to issue prescription permits to druggists.

21. To see if the town will appoint a committee to purchase the manuscript of the Haverhill town history as written by the Hon. William F. Whitcher, and to publish the same and place it on sale, and pass any vote relating thereto.

22. To see if the town will vote to discontinue King Street, so-called, in Woodsville, from the state highway to the top of the Cheney hill, so-called, at the junction of King Street with Maple Street.

23. To see if the town will vote to discontinue the highway known as Central Street in Woodsville, leading through the toll bridge, from the northeast side of the new highway laid out in the fall of 1916 to the new bridge, across the land of the Concord & Montreal Railroad and the Wells River bridge Company, to the toll bridge, and any highway rights which said town may have over the bridge of said Wells River Bridge Company.

24. To see what action the town will take with reference to the expenditure of money from the town treasury upon the highways of said town during the six years preceding the fiscal year just ended, and to provide some suitable method for replacing or re-paying the same, or paying to the Woodsville Fire District a sum proportional to the sums so expended, and to pass any vote relating thereto.

25. To see if the town will appoint a budget committee to supervise the appropriations of said town, and recommend to the next annual meeting the amounts to be raised for various purposes, such recommendations to be printed in the next annual report.

26. To transact any other business proper to come before said meeting.

Given under our hands and seal, this 19th day of February, 1918.

HENRY W. KEYES,

Report of Selectmen

To the Citizens and Taxpayers of Haverhill:

The selectmen submit herewith their report for the year ending January 31, 1918.

This years accounts have been kept according to the Uniform System approved by the Tax Commission of New Hampshire and in the following pages we give a brief statement of the town affairs.

Highways

The Connecticut River and the Moosilauke trunk lines are under the care of three patrolmen, this year a section of the Oliverian Brook road was built under the State Aid act. The highway appropriation made last year was altogether too small and was not adequate for maintaining our highways, culverts and bridges. Last year only $5,000 was raised and appropriated and Woodsville proportion being $2,400 only leaving the town $2,600, and out of this there was snow bills of $1,000, which had to be paid, leaving only $1,600 for town roads. The Highway Agents have exceeded that amount over $5,000 and with the proportion that has been paid the Woodsville Fire District, makes the amount of highway money for the year over $1,400.00.

Quarantine

This expense has shown a decided decrease over the last few years.

Tax Collections

The amount collected by taxation this year was $66,277.67, with an abatement of $331.51. Last spring the selectmen appointed Charles S. Newell tax collector for

the 21st year, but owing to sickness he was obliged to resign early in June. His service for a period of over twenty years, was marked by faithful and devoted efficiency.

Police

No appropriation was made for this department and the expense varies only a little each year.

Inventory

Inventories of 1916 and 1917 will be found in this report and are published for the purpose of making a comparison.

Woodsville-Wells River Bridge

After many difficulties had been encountered and over come, your selectmen were able to carry out your vote of 1916 and on November 15th last, opened up the new steel bridge between the two villages of Woodsville, N. H., and Wells River, Vt., and it is one of the finest highway bridges in New England and today Haverhill is without a toll bridge.

Financial Condition

The last of the town bonds have been paid during the year. The net debt of the town Jan. 31, 1918 was $36,396.30 which includes the notes for $31,000 account of the Woodsville-Wells River Bridge. In this connection it seems desirable to call your attention to the matter of overlay which has been assessed each year and until this year has been used to pay items for which no appropriation was made. After the amount of abatements were taken out this year it was refunded to each district the amount that was not used for abatements. If the same system had been followed as in the past there would have been about $2500 that would have gone into the general fund and would have reduced our debts so much more, therefore, hereafter it will be necessary to raise and appropriate for all items.

Warrant

As usual a copy of the warrant will be found in connection with this report to which your attention is respectfully called.

The report in detail follows.

Daniel W. Meader	50 00
J. Leroy Bell,	100 00
Louise M. Gannett,	50 00
	$8950 00

The income from the Southard fund has been divided between the two school districts, Haverhill School $103.21, Woodsville School, $97.41.

The income from the trust funds for the care of cemetery lots amounting to $158.15 has been paid over to the Board of Cemetery Commissioner, who have been delegated by the selectmen to expend the same. The difference in the amount of income this year is explained by the fact that previous to last year all the income has not been withdrawn.

The income from the Carbee fund, $4.04, has been paid to the treasurer of the Cottage Hospital.

All the above trust funds are deposited in the Woodsville Guaranty Savings Bank.

Respectfully Submitted,

D. R. ROUHAN,
JOHN E. EASTMAN

Trustees of Town Fund.

Auditor's Report

To the Taxpayers of the Town of Haverhill:

As auditor, I have examined in detail the books and accounts of the selectmen, town treasurer and road agents. I find the books correctly kept and the accounts properly vouched.

The various trust funds are intact and safely invested. The income from the Southard fund has been paid over to the treasurers of the two school districts and the income from the Carbee fund is in the hands of the trustees of the Cottage Hospital. All revenue from the cemetery funds has been turned over to the cemetery commissioners. Each fund is kept separate.

There is on deposit in the Woodsville National Bank $6275.74 which is the cash balance as shown by the treasurer's book.

In my presence and that of the town treasurer, town bonds numbered 64, 65, 66, 67, 68 and 69, each of the value of $500, and coupons amounting to $120 were destroyed by burning. These are the last bonds of the series

COMMISSIONER'S REPORT

Highways

The commissioners have resurfaced the following streets during the past year, Smith, Pine, Beech, Maple and Elm Streets, and a part of School, Highland, Mill and Ammonoosuc Streets. The selectmen have laid out a new highway to the new bridge from Central Street, for which the district received $1,218.33, for labor in doing the work. The commissioners of the past year suggest that the money which the the town is to pay the district for extra money used on highways in the past six years, be used to make new

roads entering into and out of Woodsville, which the district needs badly. Also Railroad, Cherry and part of Highland Street need more resurfacing.

Sewers

There has been a new sewer, which was needed very much, put in on Nelson Street, and a new catch basin put in on Central Street near Wood's restaurant. We also suggest that the Court Street sewer near C. Johnson's be fixed up so as to carry off all surface and sewer waste, which now backs up and flows out on the road and land, making very unhealthy conditions. There should also be something done at once about a sewer on Mill Street. Also some kind of a record should be made and kept up to date showing where all sewers and connecting sewers are and thus save the district time and money in locating the above at all times.

Sidewalks

During the past year we have laid out and built 4,150 feet of cement sidewalks, some of which are 3 ft., 4 ft., 5 ft. and 6 ft. wide, adding a great deal to the sidewalk conditions of the district. The new sidewalks laid out and built are on Central Street, south, Beech, King, Highland, Cherry, Maple and Elm Streets. The coming year the tar walks on Central Street will have to be repaired most of the way. The commissioners have bought new steel forms for the making of cement walks, which lessens the cost of making sidewalks considerable. We suggest that a new cement sidewalk be built from the new bridge to the tar sidewalk on Central Street.

Fire Department

There has been purchased 550 feet of new hose, smoke protectors, goggles, etc., for the fire department. Also 4 single hand fire extinguishers are now on the hose cart and there should be at least 3 more for the ladder truck as many

small fires can be put out this way with no loss caused by water. A quantity of new hose should be purchased every year and other additional epuipment be purchased when needed to keep the fire department in first class condition at all times.

Other Improvements

The commissioners purchased a sand bank near the trotting park, consisting of one-half acre, for $125, which is fine sand for sidewalks and other needs. Also have numbered all the houses in the district, which the Postoffice Department said must be done.

Given under our hands at Haverhill, the 27th day of February, A. D., 1918.

E. BLANK,
ANNIE C. CARBEE,
DANIEL CARR,
School Board of Haverhill.

REPORT OF THE SCHOOL BOARD

We wish to call the attention of the citizens to an amendment to the public statutes by the last general court:

"The fiscal year of town and special school districts beginning February 16, 1917 shall end August 31, 1918, and thereafter the fiscal and the scholastic year shall end August 31, annually."

In view of this amendment your school board cannot submit for your consideration the usual detailed report at this time, and in order to support the schools until August 1919 in accordance with the law we recommend that the district make a sufficient appropriation to take care of the requirements for the coming spring term. We have estimated that an amount of $3,500 would be needed.

During the past year the school house on Ladd street (No. 2 District) was repaired, a new hardwood floor laid and the closets remodeled. The school room was also equipped with new desks and seats.

A water system was installed in Pearson hall, this proving a great boon for the Domestic Science Course and for the work in the chemical laboratory.

It is intended to make extensive improvements and changes on school houses in districts No. 6 & 14 during the coming summer. The board has sufficient funds left from last year's appropriation to carry out that work.

A change in placing the hot air registers in school house No. 3 has brought about a more satisfactory result as regards the heating as well as a considerable saving of fuel.

The transportation of High school students still occupies a foremost place among all the perplexing and difficult problems. The amount of $1,000 raised at the last school meeting has proved altogether inadequate. The highly increased cost of all automobile supplies compelled Mr. Clark

to raise his price of transportation, thus necessitating the parents of the students to contribute part of the expense.

Owing to the war conditions the cost of all school supplies, wood, coal, etc., also labor, has tremendously advanced and your Board reluctantly desires to call your attention to the necessity of substantially increasing the different appropriation, in addition to the special appropriation above mentioned.

We submit the following recommendations:

For all school purposes, $12,500.

For minor repairs, $500.

For transportation, whatever amount the voters see fit to raise.

And such other sums as the voters see fit to raise for the various officers of the district.

Respectfully submitted,

E. BLANK
ANNIE C. CARBEE
DANIEL CARR

*Numerals refer to number of periods per week.

During the year the Academy has qualified under the Smith-Hughes act so that it is eligible to receive for the agricultural course its share of the federal money appropriated for vocational training throughout the United States. The amount which comes to each New Hampshire school is not at present known, as the number of schools in the state which may take advantage of this fund has not been exactly determined.

The high cost of material and the scarcity of labor prevented many schoolhouse improvements except at Ladd street. Here a hard wood floor was laid, new closets built in the shed and attached to the house by a covered passage, and sixteen adjustable chair desks installed. At North Haverhill the walls and ceilings of the rooms and halls have been retinted, and a change made in the method of heating which has proved most economical in the use of fuel.

At East Haverhill, the practical arts teacher, Miss Smith, is giving one day a week to teaching the boys manual training, and the girls sewing and cooking. The kitchen and dining room in the grange hall were hired for this work, and sufficient equipment procured to make the work profitable.

In Mr. Cornell's report you will note the success of the campaign for food production, among the school children. Many pupils had gardens, who were not under the supervision of Mr. Cornell, so that the total value of the food products raised by the school children must have been upwards of $2,000. From now on, the teacher of agriculture at Haverhill Academy will be engaged for the entire year, and his summers will be spent in looking after the farm and garden projects of the school children of the town. At Haverhill and East Haverhill the granges cooperated with the schools by offering prizes, and holding an exhibit in the

early fall. The active assistance and the encouragement of the parents is necessary to bring about the best results.

At the request of the federal government and under the authorization of the Governor and the state department of Public Instruction the schools of the town with all of the schools of the state have engaged in certain so called war activities. In addition to food production, they have checked up the food pledge cards, distributed tags for the tag-your-shovel-day, and are now in the midst of the thrift stamp campaign. The schools do this work very efficiently and with no apparent loss to the educational program.

In making the appropriations for the coming year I respectfully call your attention to the greatly increased cost of labor, vitally affecting teachers' salaries, of fuel, and of supplies of all kinds; to the problem of high school transportation and to the need of another room at East Haverhill for the use of the classes in the practical arts.

On January 26th, Mr. Cornell resigned his position as headmaster of Haverhill Academy, to accept a better position in a larger school. This resignation, to take effect March 1st, was accepted with regret by the joint board of school committee and trustees. Mr. Cornell has made an exceptional record in serving continuously in this position for nearly ten years. Under his management the school has doubled in enrollment, new courses in practical arts introduced, and the school placed among the better schools of the state. Students, past and present, as well as the citizens of the town, will experience a sense of personal loss at Mr. Cornell's departure.

In the work of the year I have very much appreciated the loyality of the teachers and the support of the school board and of the public.

Respectively submitted,

NORMAN J. PAGE

REPORT OF THE HEAD MASTER OF HAVERHILL ACADEMY

To the Superintendent of School of the town of Haverhill, Sir:

I hereby present my fourth annual report for the year 1917-1918.

Enrollment and Transportation

The number of pupils enrolled in Haverhill Academy this year is about the same as last, the total registration to date being 69. The distribution of students in the different courses is as follows: Latin, 17; agricultural, 22,; domestic arts, 30.

The transportation of the North Haverhill pupils by automobile is much more satisfactory than by train; and, in my opinion, should be continued. If the train service is not better next year, it will be necessary to provide more adequate transportation for the students of Pike and East Haverhill.

School Project Work

The small piece of land available on the school grounds was planted to beans and potatoes. The latter crop rotted so badly that barely enough was saved for the use of the domestic arts classes. The bean crop was good, approximately 2 1-4 bushels being raised. These have not been marketed yet. Last spring tomato plants to the value of $4.00 were sold.

Home Projects

The home project work required of agricultual students has been the most satisfactory this year of any year since the agricultural course was introduced four years ago. Many of the boys planted more than the required acreage, while several, of whom the work was not required this year, planted considerable areas.

Exhibition

Last fall an exhibition of vegatables grown by Haverhill school pupils, and fruit canned by the Academy girls, was held in Pearson hall. This exhibit, the first held by the school, was very satisfactory, and a similar one should be held every year. Haverhill grange lent its aid by offering $10 in prizes.

Home Gardens

During the past summer, it was my privilege to supervise the home gardens of 65 pupils of the Academy and graded schools of the town. Many of the younger students, who were "doing their bit," were girls; but in many cases, their gardens equalled, if not excelled, those of the boys. A conservative estimate of the money value of the crops grown by all the young people under my supervision is $1,700. Surely, this is worth while.

School Lunches

This year, our domestic arts teacher, Miss Philbrick, has continued the plan of serving noon lunches to the Academy students. These lunches, of course, were served at cost.

Federal Aid

Recent federal legislation has made it possible for such public schools as meet federal requirements, to receive from the government, a limited amount of money for the promotion of vocational education. The amount of money available for New Hampshire schools will be between $100 and $300. The director of vocational education has informed us that we shall be able to meet the requirements and obtain a part of the government appropriation. The chief requirements are supervised home projects and the adoption of a prescribed course of study.

Improvements

Not withstanding the high cost of labor and materials, I beleive the interior of the Academy should be renovated

during the summer vacation. As stated in my previous reports, steps should be taken towards obtaining some building for a school gymnasium. This would not only attract more students, but would also help solve the discipline problem. There is also need of a dormitory where pupils may board or rent rooms.

War Service

The Academy has 16 alumni and former students who have enlisted for service either in the army or in the navy. Of this number, twelve are graduates. The school has purchased a service flag which is now displayed in honor of our soldier and sailor boys.

In closing this, my final report, as headmaster of Haverhill Academy, I desire to express to the superintendent, trustees, school board, and other citizens of the town, my hearty appreciation of their helpfulness and cordial cooperation. I am also grateful for the earnestness and loyality displayed by my fellow teachers. All of these things have helped make my work during the past ten years, nearly, very enjoyable.

Respectfully submitted,

EDWARD B. CORNELL
